to the community
and saved to date

80%
uplift in purchase
intent by users viewing
your products on OLIO

Our platform can help you achieve zero edible food waste, elevate your brand, and reduce your food waste disposal costs by up to 50%.

How it works

STEP 1 Assess

We assess your collection needs and arrange a collection schedule to suit your business.

STEP 2 Recruit

We recruit a local team of trained volunteers (Food Waste Heroes) to collect your surplus food.

STEP 3 Collect

Volunteers collect and redistribute your surplus food within the local community via the OLIO app.

STEP 4 Report

We track the social and environmental impact of these collections and report this data back to you.

Join 3,500+ locations in the fight against food waste today!

Our platform offers flexibility when sales patterns are unpredictable

All edible food waste

Same day "use by" date. Hot, chilled or frozen food. Loose ingredients and more

Any waste volume

From carrier bag to full pallets.

Minimal disruption

Simple set up and easy to use tech with API integrations.

Reliable 24/7 collections

Round the clock pickups, adhoc or regular.

We help you get to net zero while attracting new customers

Hit sustainability targets

We can help you achieve your zero food waste targets and promote your results.

Change lives

Help families battling hunger or food insecurity. Donating your surplus food is a great way to give back to local communities.

Save our planet

Reduce CO2 emissions and save water.

Elevate your brand

Increase your sustainability credentials and purchase intent with thousands of hyperlocal users viewing your products every day.
